Bro nr 4

Bro nr 5

A topographic map showing a river and surrounding terrain. The map features brown contour lines indicating elevation, blue hatched areas representing water, and a black line for a road labeled 'Rönbackavägen'. A thick green line follows the river's course. A red circle marks a specific location on the river, with a red line extending from it. A red-bordered text box provides details about a proposed bridge at this location. The area is divided into sections by vertical black lines, and some areas are shaded with orange dots. The name 'Stenes' is visible at the bottom.

Rönbackavägen

Bro nr 6:
Helt ny bro utan räcke
1,8 m bred 4 meter lång

Stenes

Bro nr 6

Elljusspår

Bro nr 7:
Lösningen blev en spång
som vilar på
tryckimpregnerade
stolpstumpar över en 30 m
lång sankmark

Bro nr 8:
Bro utan räcke
1,8 m bred 3 meter lång
Nya underlag

Bro nr 9:
Bro utan räcke
1,8 m bred 3 meter lång
Nya underlag
